LOW INCOME WEATHERIZATION PROGRAM
You may qualify for...

Happy Customer Testimonials

"This program helped me get no-cost upgrades in my home, since I did not have the money to do them. Also, it helped me to save on our energy bill every month. I really recommend this program to everyone. You will not regret using it."

Frank McMullen

"I thought it was very difficult to apply and qualify for this program, but on the contrary, the staff helps you every step of the way. It even protected my identity and at no time asked me for my social security number. Now I save a lot of money because I received the improvements in my house at no-cost. I recommend this program to everyone."

Maribel Solis

Contractor:

Central Valley LIWP Collaborative

Home improvements at no cost

WEATHERIZATION AND ENERGY SAVING SERVICES

If you live in a house or mobile home that is five years or older, you could receive free improvements to make your home more energy efficient, safe and comfortable. Both renters and owners are eligible. Common improvements may include:

- Appliances to replace your old refrigerator, furnace and water heater. Potentially, a solar water heater, if feasible
- Insulation and weatherproofing services to keep your home cooler in the summer and warmer in the winter
- Light Emitting Diode (LED) lights that use up to 80% less energy than incandescent lights

CSD and our LIWP local contractors will:

- 1 Assess your home's energy efficiency
- 2 Install customized home improvements
- 3 Repair or replace appliances, if needed, after conducting a natural gas safety test
- 4 Perform a post-installation inspection, if needed
- 5 Install a solar photovoltaic (PV) system, if feasible

You may also qualify for a no-cost solar electric system

SAVE UP TO 90% ON YOUR ELECTRIC BILL

You may qualify for no-cost solar if:

- Own your home
- Live in a designated service area in CA
- Your total household income is no more than 80% of the median income in your area

HOUSEHOLD SIZE	GROSS INCOME* (Fresno County)
1	\$33,550
