Backpacks for Success • Going back to school isn’t cool if you don’t have a backpack. Thousands of OC families are struggling to make ends meet, and sometimes purchasing backpacks and school supplies isn’t feasible. That’s why during May 1st – June 30th we officially launch our Backpacks for Success Drive to help raise funds and supplies to help youth who will head back to school in the Fall. You can host a fundraising drive and help collect $20 per backpack or $10 per school supply kit or donate fully stocked backpacks including essential supplies from our Needs List. Needs List is available in April on our web site: capoc.org/backpacks. Last year with Orange County’s help, we raised 2,899 backpacks for youth.

We are truly grateful for your generosity and support. Your kindness is greatly appreciated and will never be forgotten.”

Weatherization • Did you know that low-income households spend an average of 7.2% of their income on utility bills? That’s more than 3x the 2.3% that is spent by higher-income households for electricity, heating & cooling. Oftentimes, due to high housing costs in Orange County, low-income residents find themselves living in older, less efficient buildings, leading to higher energy costs. The good news is CAP OC offers Weatherization services at no-cost to income qualified participants. Weatherization (or WX) is the process of protecting and modifying a home to reduce energy consumption and optimize energy efficiency. Examples of WX include replacing drafty doors or windows and insulating attics. Check out our Energy Blog on linktr.ee/capocAtoZ to learn more great examples of the work we do.

“My home was very cold. When winter comes, it looks like I’m dressed to go skiing. In the summer, my AC would not work. (Through CAP OC’s Weatherization Program), I can’t believe I got all 3 appliances! I am so happy to have everything I need now. It’s warmer... it’s so nice in my home. I am very grateful for the program”

- Lang, CAP OC WX Participant
